Learning objectives

After participating in this CME activity, participants should be able to:

1. Diagnose and treat Chronic Rhinosinusitis
2. Interpret and apply new treatments for the management of asthma
3. Practice safer and more timely treatment of anaphylaxis
4. Describe how symptom based controller therapy for asthma, along with Patient education, can lead to a decrease in morbidity and mortality
5. Employ new treatment options such as SLIT
6. Practice prescribing and monitoring patients on new therapies
7. Identify the effects of allergens/pollutant interaction
8. Recognize the impact of Indoor Environments on respiratory health

Registration

Members who have paid 2014 dues:	Free
Members who have not paid 2014 dues:	\$200
After July 1:	\$250

Non-Members:	\$250 payable to the ASAI
After July 1, non-members pay:	\$350

1st 2 years out from Fellowship:	\$50
Fellows:	Free Registration

Would you like to provide a financial contribution to the ASAI to offset the cost of providing a travel grant for current Fellows in the UAB program? If so, please write a check to the ASAI. Every contribution counts and assists with expenses associated with travel and lodging. The future of our specialty depends on the excellent training of our Fellows! Thanks for your generosity!!
